Dear Parent/Carer

Year 10 Report and other Important Information

I would like to take this opportunity to thank you for your support in ensuring your child has made an excellent start with their examination courses. This valued partnership is vital in ensuring your child makes the most of the experiences we offer, both in and out of the classroom. Year 10 are making progress which is shown in the recent exam period and it is vital we continue to work together as we rapidly move towards Year 11.

You have entrusted us with the care and education of your child over the last four years and I can assure you that we are as committed as ever to creating the best learning environment; the vision stays the same for us all that every child leaves this school with their best possible set of results.

As a Year Group we have some pupils who do that little bit extra, by being part of Young Enterprise and some pupils who are now "Bullying Ambassadors". The pupils are easily identified by a badge that they wear on their blazer, these students are there to help any child who has worries about bullying. These pupils have received specialist training and are working towards "The Diana Award".

Extra-curricular activities are back with a fantastic range on offer for your child to take part in. You can get up to date information on the clubs and activities that are available, both at lunchtime and after school, on our website www.sthilds.org.uk and on social media

I am delighted to inform you that your child's Summer Term Full Report will be available via Go4Schools on Monday 23rd May. This report will provide you with information on your child's attendance, attitude to learning and progress which can be explored during your consultation with teachers on Tuesday 24th May 2022. I hope you will find this report both useful and informative. You will find a grade or comment describing how your child is progressing in accordance with the GCSE curriculum and the current 1-9 grades.

Please discuss the report with your child to encourage a greater focus on any areas of concern and to praise them for their achievements. The staff at St. Hild's Church of England School are committed to supporting your child's learning and will endeavour to do everything possible to help them achieve their expected progress.

Most parents and carers have already provided the school with an email address in order to access their account. Go4Schools will send you an email when your child's report is ready to view. If you do not currently have access to the internet, do not have an email address or are having difficulties accessing Go4Schools, please contact the school and notify the Main Office.
